

GO ORANGE DAY!

3rd and 4th of April 2020

For Go Orange Day 2020, the Independent Lifeboat Crews of the United Kingdom will be joining forces to raise awareness for local Lifeboat stations that operate outside the auspices of the RNLI.

WHAT ARE THE INDEPENDENT UNITS DOING ON THIS DAY?

Throughout the UK these units are arranging events and collections to celebrate their cause. Local and National media have been contacted and all known methods are being used to highlight these lifeboat stations. As always they will rely on the generosity of the public to make the day a success.

We need YOUR support!
Arrange a fundraising event for your local Independent Lifeboat crew.

SO WHAT CAN YOU DO?

- Get your business or school to wear an orange piece of clothing for the day.
- Hold an "Orange" bobbing contest
- Sponsor someone to sit in a bath of "orange" baked beans for the day.
- Hold a coffee and cake morning.
- Wear an orange ribbon in support.
- Hold a Hawaiian party evening wearing a bright colour...such as orange!
- Arrange a collection in your local community for your local independent lifeboat.
- Hold a sponsored event; walk, silence, dance... anything that raises funds for these units.
- Allow the lifeboat crews to come to your premises for the day and collect.

Most Independent Lifeboat crews are more than happy to visit local schools and youth groups and educate children on sea safety. Most of these units open their doors and invite the groups to them to promote safety at sea through education.

Whatever you do on the day, have fun! Remember that any money you raise will be donated directly to your local independent lifeboat station, ensuring that your money will stay in your area and go exactly where it is needed!

We want everyone to know that we are INDEPENDENT and need funding to help keep us going.

If you visit the coast on a day out or holiday you never know when you may need to call upon the Lifeboat Volunteers!
